

Quotable API

Provides:

This API provides random quotes from random authors using a RESTful API. It will return a single random quote from the database.

Key Provisioning:

Pain factor

(0=easy...5=nightmare): **2**

- No key needed

Quotas:

- No quotas
-

The Good:

- Simple and quick and efficient. You can get random quotes and find quotes by ID.

The Bad:

- There are not a lot of quotes to choose from. There are only 1500 quotes by 800 authors.

The Ugly:

- None.
