Collected Knowledge & Wisdom on

NBA Player API

Provides:

This API provides statistics and other basic information on NBA players. It also provides headshots of NBA players. The API is very simple to use, and it provides information on how to use it on the base url. However, the information collected hasn't been updated since early 2018.

Key Provisioning:

- No Keys.

Quotas:

- No quotas.

Pain factor (*0=ezpz...5=nightmare*): **_0_**

The Good:

- This API is free.
- It has no quotas.
- It doesn't require a key.
- The information it provides is accurate.

The Bad:

- This API is slightly outdated. It only contains information from the 2017-2018 season and before.

The Ugly:

- Nothing particularly awful about this API.
